December 2020

Disclaimer

This investor presentation (this “Presentation”) is for informational purposes only to assist interested parties in making their own evaluation with respect to the proposed business combination (the “Business Combination”) between dMY Technology Group, Inc. II (“dMY”) and Maven Topco Limited, together with its subsidiaries including Genius Sports Group Limited (the “Company”). The information contained herein does not purport to be all-inclusive and none of dMY, the Company or their respective directors, officers, stockholders or affiliates makes any representation or warranty, express or implied, as to the accuracy, completeness or reliability of the information contained in this Presentation or any other written or oral communication communicated to the recipient in the course of the recipient’s evaluation of the Company or dMY. The information contained herein is preliminary and is subject to change and such changes may be material.

This Presentation does not constitute (i) a solicitation of a proxy, consent or authorization with respect to any securities or in respect of the proposed Business Combination or (ii) an offer to sell, a solicitation of an offer to buy, or a recommendation to purchase any security of dMY, the Company, or any of their respective affiliates. You should not construe the contents of this Presentation as legal, tax, accounting or investment advice or a recommendation. You should consult your own counsel and tax and financial advisors as to legal and related matters concerning the matters described herein, and, by accepting this Presentation, you confirm that you are not relying upon the information contained herein to make any decision.

No securities commission or securities regulatory authority in the United States or any other jurisdiction has in any way passed upon them merits of the Business Combination or the accuracy or adequacy of this Presentation.

Forward-Looking Statements

Certain statements in this Presentation may be considered forward-looking statements. Forward-looking statements generally relate to future events or dMY’s or the Company’s future financial or operating performance. For example, projections of future Revenue, Adjusted EBITDA and other metrics are forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as “may”, “should”, “expect”, “intend”, “will”, “estimate”, “anticipate”, “believe”, “predict”, “potential” or “continue”, or the negatives of these terms or variations of them or similar terminology. Such forward-looking statements are subject to risks, uncertainties, and other factors which could cause actual results to differ materially from those expressed or implied by such forward looking statements.

These forward-looking statements are based upon estimates and assumptions that, while considered reasonable by dMY and its management, and the Company and its management, as the case may be, are inherently uncertain. Factors that may cause actual results to differ materially from current expectations include, but are not limited to: (1) the occurrence of any event, change or other circumstances that could give rise to the termination of the Business Combination; (2) the outcome of any legal proceedings that may be instituted against dMY, the Company, the combined company or others following the announcement of the Business Combination and any definitive agreements with respect thereto; (3) the inability to complete the Business Combination due to the failure to obtain approval of the shareholders of dMY, to obtain financing to complete the Business Combination or to satisfy other conditions to closing; (4) changes to the proposed structure of the Business Combination that may be required or appropriate as a result of applicable laws or regulations or as a condition to obtaining regulatory approval of the Business Combination; (5) the ability to meet stock exchange listing standards following the consummation of the Business Combination; (6) the risk that the Business Combination disrupts current plans and operations of dMY or the Company as a result of the announcement and consummation of the Business Combination; (7) the ability to recognize the anticipated benefits of the Business Combination, which may be affected by, among other things, competition, the ability of the combined company to grow and manage growth profitably, maintain relationships with customers and suppliers and retain its management and key employees; (8) costs related to the Business Combination; (9) changes in applicable laws or regulations and delays in obtaining, adverse conditions contained in, or the inability to obtain regulatory approvals required to complete the Business Combination; (10) the possibility that dMY, the Company or the combined company may be adversely affected by other economic, business, and/or competitive factor; (11) the impact of COVID-19 on the Company’s business and/or the ability of the parties to complete the proposed business combination; (12) the Company’s estimates of expenses and profitability and underlying assumptions with respect to stockholder redemptions and purchase price and other adjustments; and (12) other risks and uncertainties set forth in the section entitled “Risk Factors” and “Cautionary Note Regarding Forward-Looking Statements” in dMY’s final prospectus relating to its initial public offering dated August 17, 2020 and in subsequent filings with the U.S. Securities and Exchange Commission (“SEC”), including the registration statement on Form F-4 (the “Registration Statement”) relating to the Business Combination expected to be filed by Galileo NewCo Limited (“NewCo”).

Nothing in this Presentation should be regarded as a representation by any person that the forward-looking statements set forth herein will be achieved or that any of the contemplated results of such forward-looking statements will be achieved. You should not place undue reliance on forward-looking statements, which speak only as of the date they are made. None of dMY, the Company or NewCo undertakes any duty to update these forward-looking statements.

Financial Information

The financial information contained in this Presentation has been taken from or prepared based on the historical financial statements of the Company for the periods presented. Except as otherwise disclosed, the financial information included in this Presentation has been presented in accordance with UK generally accepted accounting principles (“GAAP”). The Company’s historical financial information is prepared in accordance with UK GAAP and audited in accordance with the International Standards on Auditing (UK) (ISAs (UK)). Such information has not been presented in accordance with U.S. GAAP or audited in accordance with either Public Company Oversight Board (“PCAOB”) standards or generally accepted auditing standards in the U.S. UK GAAP differs in certain respects from U.S. GAAP. Potential investors should consult their own professional advisors for an understanding of the differences between UK GAAP and U.S. GAAP, and of how those differences might affect the financial information presented herein. We cannot assure you that, had the financial statements been compliant with Regulation S-X under the Securities Act of 1933, as amended, and the regulations of the SEC promulgated thereunder or prepared in accordance with U.S. GAAP or audited in accordance with PCAOB standards, there would not be differences and such differences could be material. The conversion of the Company’s financial statements into U.S. GAAP and an audit of the Company’s financial statements in accordance with PCAOB standards is in process and will be included in the Registration Statement. Accordingly there may be material differences between the presentation of the financial information included in the Presentation and in the Registration Statement.

Disclaimer (cont'd)

Non-GAAP Financial Measures

This Presentation includes certain financial measures not presented in accordance with U.S. or UK GAAP including, but not limited to, Adjusted EBITDA and certain ratios and other metrics derived therefrom. These non-GAAP financial measures are not measures of financial performance in accordance with GAAP and may exclude items that are significant in understanding and assessing the Company's financial results. Therefore, these measures should not be considered in isolation or as an alternative to net income, cash flows from operations or other measures of profitability, liquidity or performance under GAAP. You should be aware that the Company's presentation of these measures may not be comparable to similarly-titled measures used by other companies. In addition, the conversion of the Company's financial statements into U.S. GAAP and the audit of the Company's financial statements in accordance with PCAOB standards, may impact how the Company currently calculates its non-GAAP financial measures, and we cannot assure you that there would not be differences, and such differences could be material.

The Company believes these non-GAAP measures of financial results provide useful information to management and investors regarding certain financial and business trends relating to the Company's financial condition and results of operations. The Company believes that the use of these non-GAAP financial measures provides an additional tool for investors to use in evaluating ongoing operating results and trends in and in comparing the Company's financial measures with other similar companies, many of which present similar non-GAAP financial measures to investors. These non-GAAP financial measures are subject to inherent limitations as they reflect the exercise of judgments by management about which expense and income are excluded or included in determining these non-GAAP financial measures. Please refer to footnotes where presented on each page of this Presentation or to the appendix found at the end of this Presentation for a reconciliation of these measures to what the Company believes are the most directly comparable measure evaluated in accordance with UK GAAP.

This Presentation also includes certain projections of non-GAAP financial measures. Due to the high variability and difficulty in making accurate forecasts and projections of some of the information excluded from these projected measures, together with some of the excluded information not being ascertainable or accessible, the Company is unable to quantify certain amounts that would be required to be included in the most directly comparable GAAP financial measures without unreasonable effort. Consequently, no disclosure of estimated comparable GAAP measures is included and no reconciliation of the forward-looking non-GAAP financial measures is included.

Use of Projections

This Presentation contains financial forecasts with respect to the Company's projected financial results, including Revenue and Adjusted EBITDA, for the Company's fiscal years 2020 through 2022. Neither dMY's nor the Company's independent auditors have audited, reviewed, compiled or performed any procedures with respect to the projections for the purpose of their inclusion in this Presentation, and accordingly, they did not express an opinion or provide any other form of assurance with respect thereto for the purpose of this Presentation. As discussed under "Financial Information" above, all financial information, including the projected information, was prepared in accordance with UK GAAP. These projections should not be relied upon as being necessarily indicative of future results. The assumptions and estimates underlying the prospective financial information are inherently uncertain and are subject to a wide variety of significant business, economic and competitive risks and uncertainties that could cause actual results to differ materially from those contained in the prospective financial information. Accordingly, there can be no assurance that the prospective results are indicative of the future performance of the Company or that actual results will not differ materially from those presented in the prospective financial information. Inclusion of the prospective financial information in this Presentation should not be regarded as a representation by any person that the results contained in the prospective financial information will be achieved.

Industry and Market Data

In this Presentation, dMY and the Company rely on and refer to certain information and statistics obtained from third-party sources which they believe to be reliable. Neither dMY nor the Company has independently verified the accuracy or completeness of any such third-party information. You are cautioned not to give undue weight to such industry and market data.

This Presentation may include trademarks, service marks, trade names and copyrights of other companies, which are the property of their respective owners. Solely for convenience, some of the trademarks, service marks, trade names and copyrights referred to in this Presentation may be listed without the TM, SM, (c), (r) or TM symbols, but dMY and the Company will assert, to the fullest extent under applicable law, the right of the applicable owners, if any, to these trademarks, service marks, trade names and copyrights.

Additional Information

In connection with the proposed Business Combination, NewCo intends to file the Registration Statement with the SEC, which will include a proxy statement/prospectus and certain other related documents, which will be both the proxy statement to be distributed to holders of shares of dMY's common stock in connection with dMY's solicitation of proxies for the vote by dMY's stockholders with respect to the Business Combination and other matters as may be described in the Registration Statement, as well as the prospectus relating to the offer and sale of the securities of NewCo to be issued in the Business Combination. dMY's stockholders and other interested persons are advised to read, when available, the preliminary proxy statement/prospectus included in the Registration Statement and the amendments thereto and the definitive proxy statement/prospectus, as these materials will contain important information about the parties to the Business Combination Agreement, dMY, the Company and the Business Combination. After the Registration Statement is declared effective, the definitive proxy statement/prospectus will be mailed to dMY's stockholders as of a record date to be established for voting on the Business Combination and other matters as may be described in the Registration Statement. Stockholders will also be able to obtain copies of the proxy statement/prospectus and other documents filed with the SEC that will be incorporated by reference in the proxy statement/prospectus, without charge, once available, at the SEC's web site at www.sec.gov, or by directing a request to: dMY Technology Group, Inc. II, 1180 North Town Center Drive, Suite 100, Las Vegas, Nevada 89144, Attention: Niccolo de Masi.

Participants in the Solicitation

dMY and its directors and executive officers may be deemed participants in the solicitation of proxies from dMY's stockholders with respect to the Business Combination. A list of the names of those directors and executive officers and a description of their interests in dMY is contained in dMY's final prospectus relating to its initial public offering dated August 17, 2020, which is available free of charge at the SEC's web site at www.sec.gov, or by directing a request to dMY Technology Group, Inc. II, 1180 North Town Center Drive, Suite 100, Las Vegas, Nevada 89144, Attention: Niccolo de Masi. Additional information regarding the interests of such participants will be contained in the Registration Statement when available.

The Company's directors and executive officers may also be deemed to be participants in the solicitation of proxies from the stockholders of dMY in connection with the Business Combination. A list of the names of such directors and executive officers and information regarding their interests in the Business Combination will be included in the Registration Statement when available.

What is official data and why does it matter?

What is official data?

Official data is the feed of live sports statistics that is sanctioned by the sports for collection and distribution

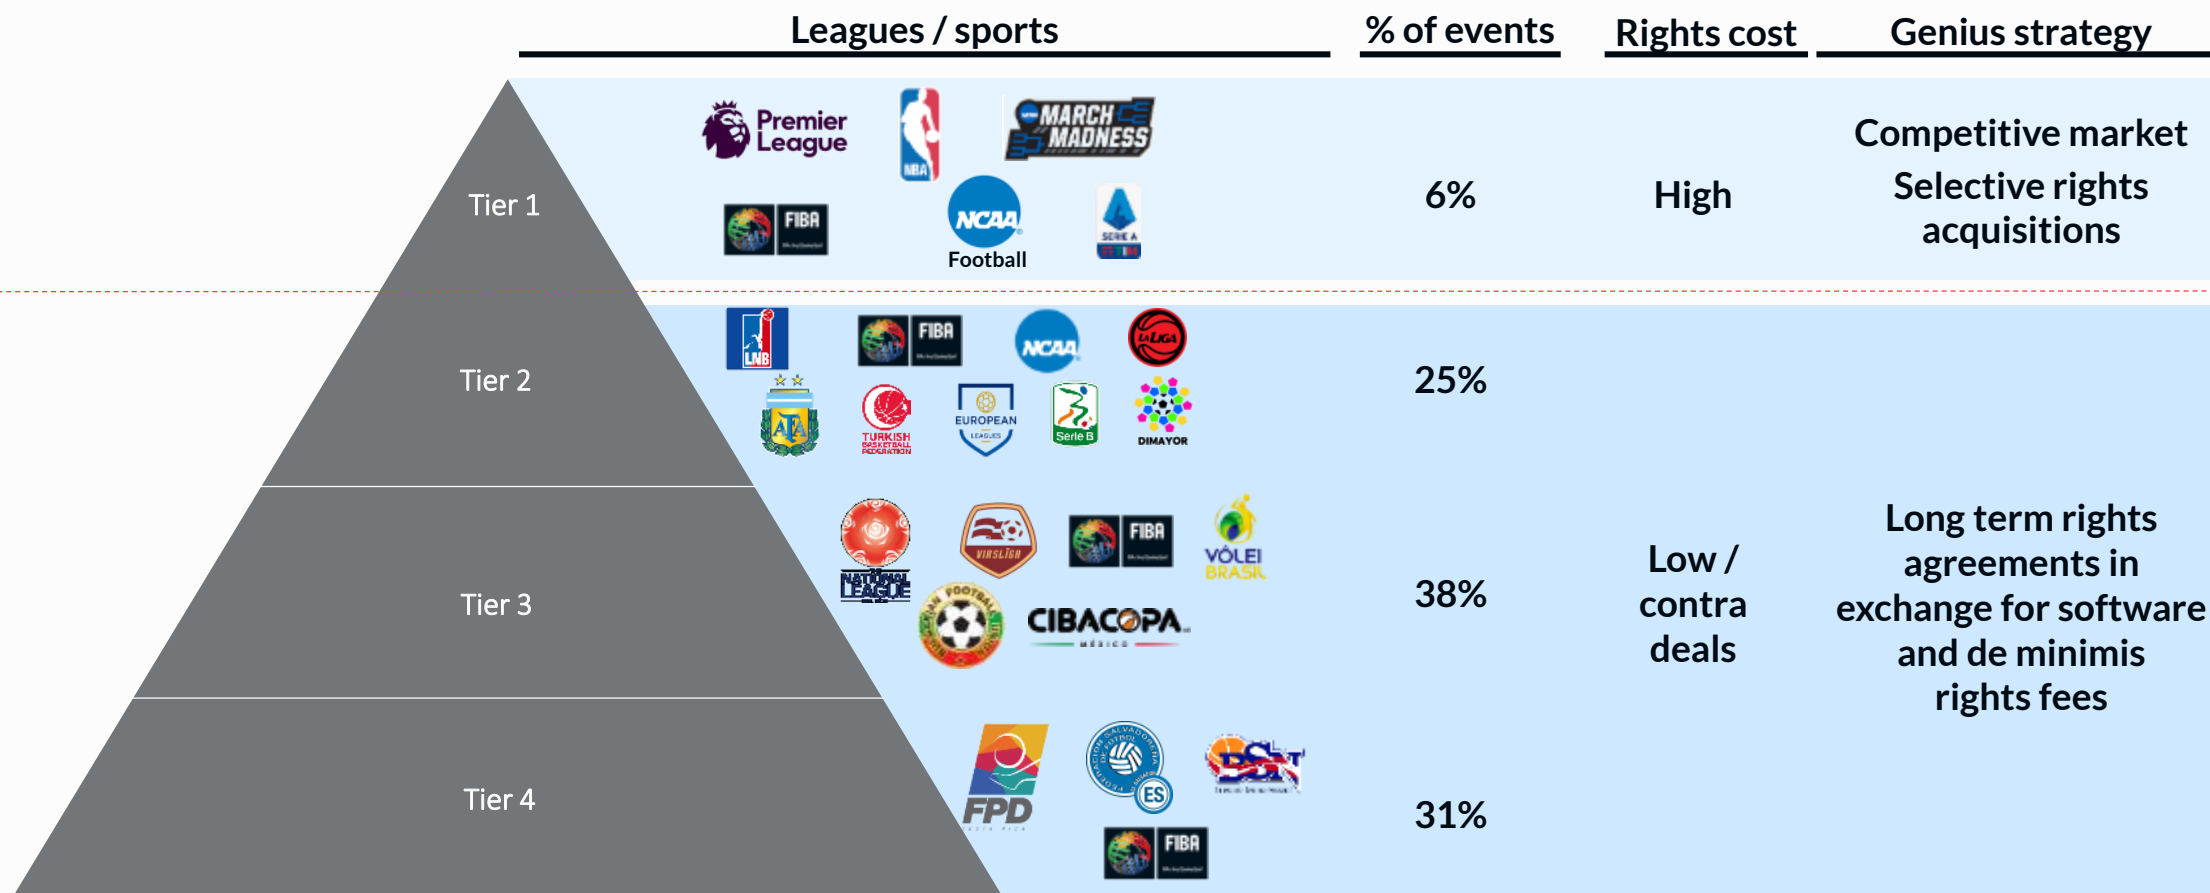

Why official data matters

- It matters to **sports** – it goes to the very heart of their funding
- It matters to **sportsbooks** – only official data gives them the security of the supply they need
- It matters to **regulators** – protects consumers
- It matters to **investors** – the cost of sports data is built into our model, contributing to our high barriers to entry

Use of official data is the inevitable direction of travel in a maturing market
